

## Mission:

Xtension Health is a 501(c)(3) not-for-profit organization which provides fully subsidized healthcare and wellness programs for low income employees.

Diagnosed with a rare form of cancer in 2015, WorXsiteHR President, Sharon Rowell, knew there had to be a better way for everyone to gain access to affordable Healthcare. After almost giving up hope, with no place to turn for a treatment to her rare form of cancer, Sharon found the National Institutes of Health. Sharon then made it her

goal to make sure others would always have access to healthcare.
